1.800 MD

Account Information

Security Code

1-800MD has received a request to reset the password for your account.

Here is your code: 4843010

This is a verification code, not a password. If you didn't request this code, someone else may know your password and have access to your account.

[Click here](#) to change your password.

Thanks,
The 1-800MD account team

You are receiving this email to confirm the action noted above. Your email address will not be saved or used for any other purpose unless you chose to sign up for special email offers when you registered. You can change your email preference in **My Account** at any time. We value your privacy and NEVER give or sell any specific information about you to any manufacturer or direct marketers.

Privacy and the security of personal information are very important to us. If you have questions or concerns about how we protect your privacy and the privacy of others, read our site Privacy Policy and our Patient Privacy Policy.
